

2019 Web - Frontend and JavaScript

02 // Vanilla JavaScript

Due Thursday, 21 March 2019, 11:59 PM

Time remaining: 1 day 1 hour

Hand-inn deadline 21/3 (14.00)

Make a program with these minimum requirements:

- **HTML, CSS file and JS file must be separated into 3 files.**
- **The program should have at least 7 different elements e.g. buttons, text, list, div, submit**
- **All seven elements should 7 different events**
- **e.g. key events, click events, mouse over, document load etc.**
- **The 7 different events should manipulate 7 different divs or other html elements**
- **Be creative, make something you enjoy 😊**
